Please note the RCYFL, SYFA and it's leadership recognize the demands on families today. We love football and want very much for your child to love football. Football is time consuming and demanding and we do not want to imply that we think otherwise. After games begin September 10<sup>th</sup>, practices will not exceed 4.5 hours per week. Hence after the first games, practices above are 3 days per week at 1.5 hours per practice or 2 days per week at 2.25 hours per practice. We hope that you will appreciate the restrictions we are placing on coaches and teams with regard to practice limits once the regular season begins. We must keep what we are doing in perspective. Teams comprised of young boys do not need to practice as much as a varsity high school football team.

Please note the times, dates, & costs above may be changed as needed & have been submitted to the RCYFL for approval. Regular season playoff games will likely be scheduled into early November. Post-season games may be added. We ask that all parents seriously consider the rigors of a youth football season & your responsibility to your child's team before participating.

Practice times may be changed due to Guilford County School request or due to daylight conditions. Players & Cheerleaders will not be allowed to participate on 08/15/11 until all required certification documents are completed. Coaches will not be allowed to participate until required background checks are completed & you have attended an AYF (RCYFL) Coach's Certification Meeting.

*Please consider having your business sponsor Stokesdale American Youth Football. Tell them you heard about them through Stokesdale Youth Football.*

Without your generosity, these kids would not have the opportunity to play the great American game of football! Thank you for your support.
